

PRECIPART®

Medical Technology

Precipart is committed to quality, efficiency, and precision in medical technology – enhancing lives through innovative solutionsSM.

From design and engineering to prototyping and production, Precipart is your preferred outsourcing partner to bring your innovations to life.

Orthopedic Implants

Ophthalmology

Endoscopy

Arthroscopy

Laparoscopy

Neurology

Surgical Instruments

Drug Delivery Systems

Cardiology

1 A Comprehensive Range of Products & Solutions

We specialize in the design and manufacturing of complex engineered components and assemblies for medical device and life science companies:

- Audiology
- Drug delivery systems
- Endoscopy
- Laparoscopy
- Neurology
- Ophthalmology
- Orthopedics

2 Turn-key engineering support – concept to process optimization

A full suite of technical capabilities is at your disposal:

- CNC Turning and Precision Swiss Turning
- Ceramic Injection Moulding
- Metal Injection Moulding
- Multi-Axis CNC Machining
- Precision Micro Stamping
- Laser Technology
- Automated, Robotic Assembly, and Cell Manufacturing
- Clean Room Packaging

3 Quality management systems that set us apart

- Certified to 13485, Precipart's Quality Management System ensures customers receive products of the highest standards with respect to quality results, regulatory compliance, systematic monitoring and continuous improvements.

4 Lean manufacturing practices that save time and money

We hone our manufacturing processes and find efficiencies through continuous improvement, Six Sigma, value stream and engineering analysis.

The Precipart Promise

We welcome complex challenges and always seek to deliver products of integrity that are defect free, on time, and within budget. Let us precision-fit a solution for your unique product needs.

What can we design and build for you?
